

Practical 1. : Introduction and contribution to wikipedia

a) Description about Wikipedia and its features :

Wikipedia is a free, open content online encyclopedia created through the collaborative effort of a community of users known as Wikipedians. Originally, Wikipedia was created to provide content for Nupedia.

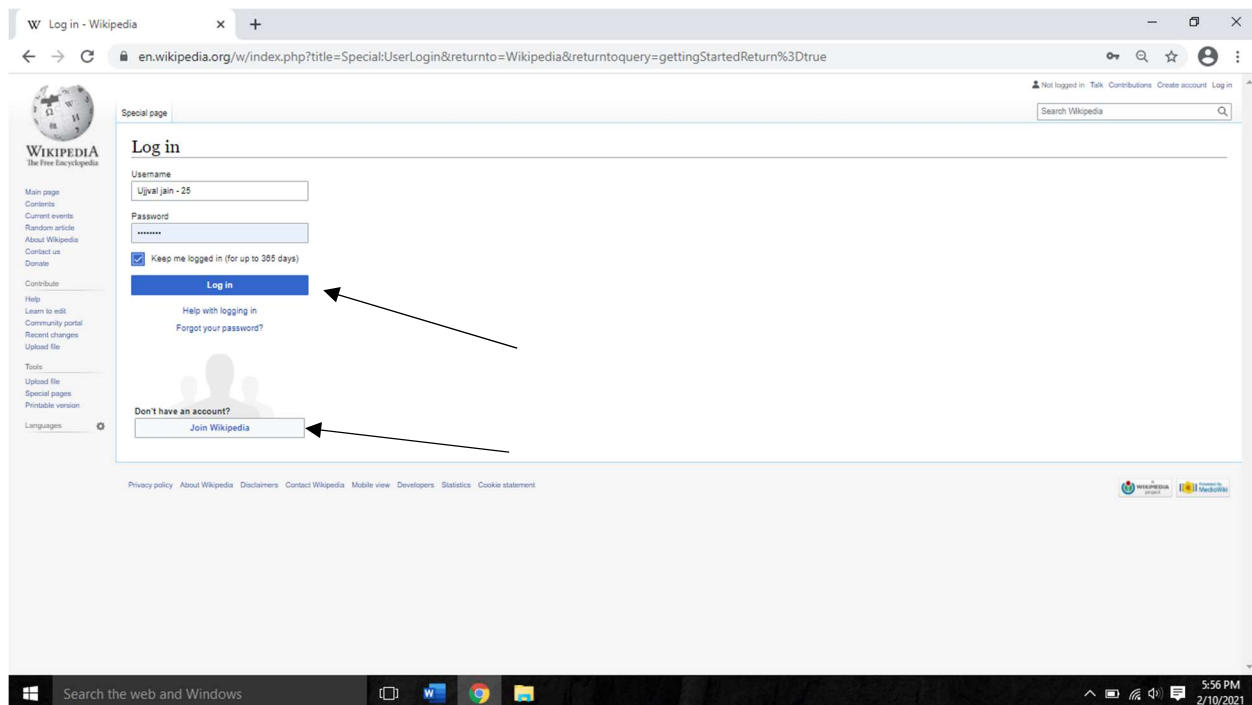

- Basic features of Wikipedia:

1. Create a page

2. Edit a page

3. linking between pages: Linking between Wiki pages makes it easier for readers to find secondary materials they may need, especially as your Wiki grows.

b) Creating Account on Wikipedia :

1. *If you have an account you can directly log in to access Wikipedia by your account*

2. If you don't have an account then click on join Wikipedia to create an account.

Create account

Your username will be public.

Please consider using an anonymous username, and not your real name, unless you are comfortable with your identity being public for the entire internet to see and identify you. Once an account has been created, it is essentially impossible to hide the original username should you later want to change it for privacy reasons.

Username (help me choose)

Ujval Jain - 25

Password

It is recommended to use a unique password that you are not using on any other website.

Confirm password

Email address (optional)

ujvaljain.90u@gmail.com
